

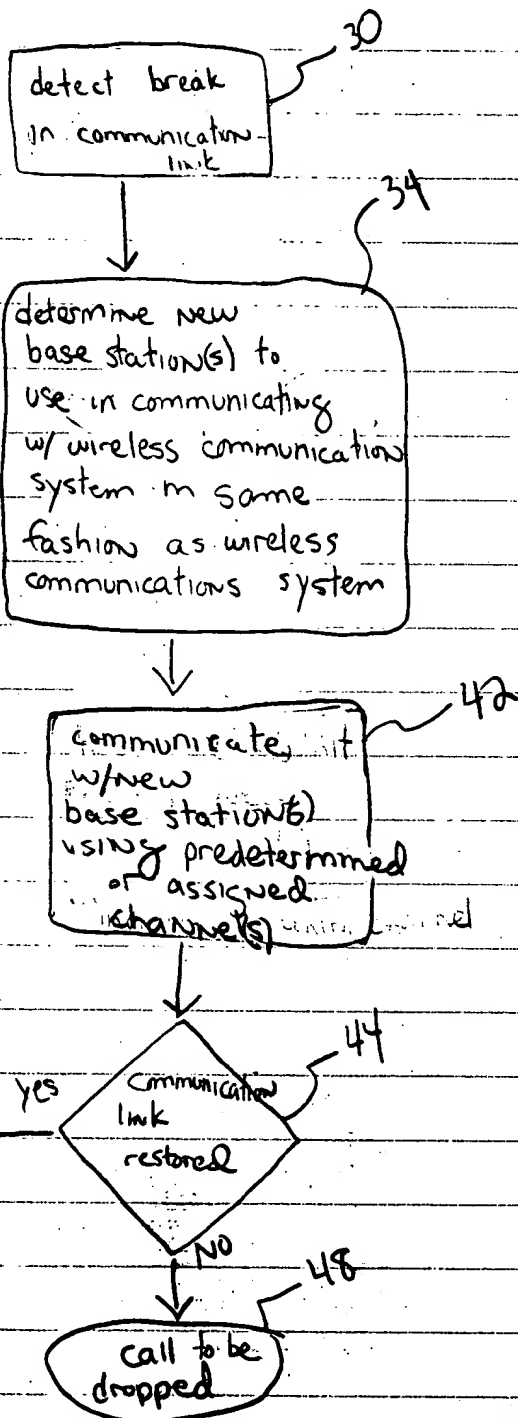

FIG. 1

Wireless Unit

Wireless Communication System

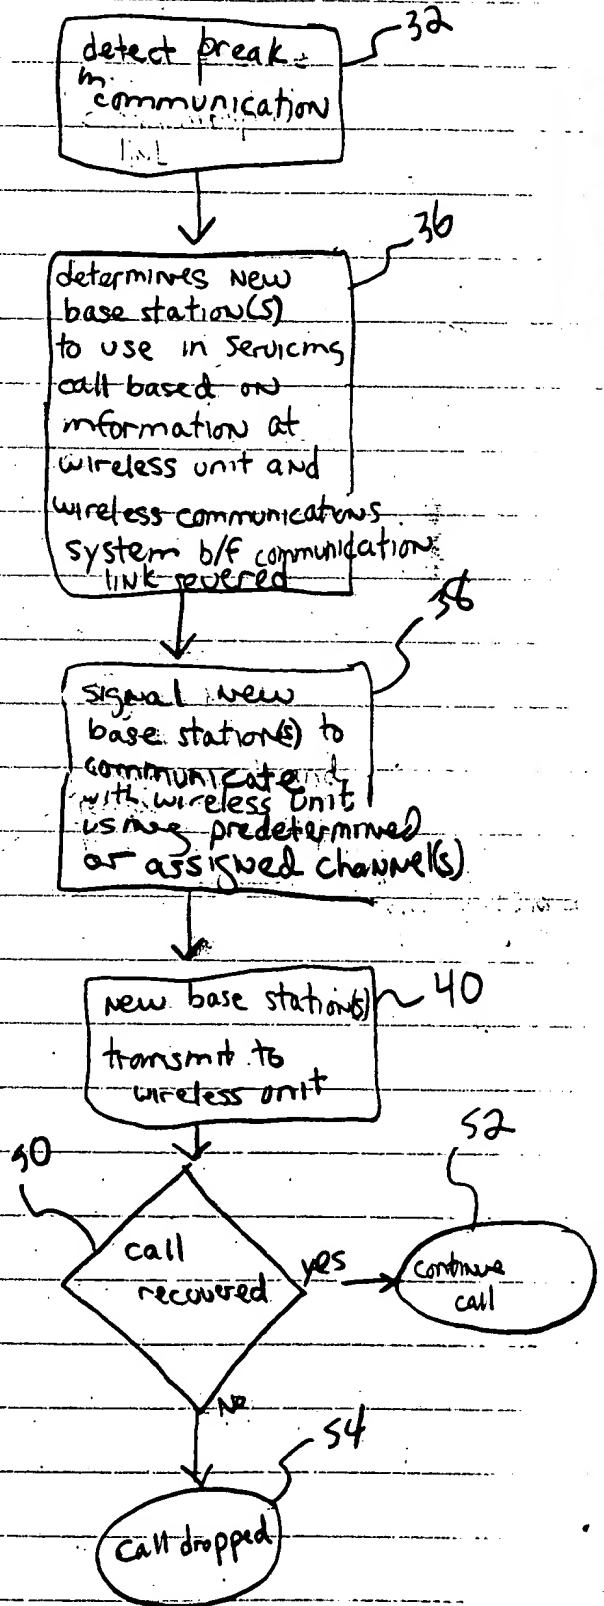

FIG. 2

FIG. 3 is a diagram illustrating a mobile communication system. A Mobile Station (60) is shown in the center, represented by a small rectangle with a vertical line and a horizontal line. It is connected to three Base Stations. A Serving Base Station (62) is located at the bottom left, connected to the Mobile Station by a curved line. Two Candidate Base Stations (64a and 64b) are located at the top left and top center, respectively, also connected to the Mobile Station by curved lines. The labels "Candidate Base Station" and "Serving Base Station" are written inside ovals. The labels "60", "62", "64a", and "64b" are handwritten and point to their respective components.
